G-Hybrid

Maximum quality coupled with tough design: the G-Hybrid models. Equipped with radio-controlled and Tough Solar technology, and made from a sophisticated combination of stainless steel and resin, they are guaranteed to stand up to every test.

The **TOUGH MOVEMENT** technology unites four innovative functions:

- WAVE CEPTOR: Multiband 6 technology for radio reception in Europe, Japan, the USA and China.
- TOUGH SOLAR: The energy supply system continuously charges the watch with the aid of solar cells.
- Hybrid construction: A special combination of light resin and tough metal increases the shock resistance and life of the watch module.
- Hand adjustment: The automatic hand adjustment function checks the hand settings every hour and corrects them if necessary – not only for inaccuracies caused, for example, by knocks, but also for those resulting from magnetic influences.

Gravity Defier

The second generation of the Gravity Defier, the GW-2500, is an outstanding analogue/digital watch. Boasting a highly contemporary cockpit design, it is one of the new G-SHOCK 'high-flyers', impressing with its innovative Tough Solar technology, plus state-of-the-art Multiband 6 for radio-controlled reception in Europe, the USA, Japan and China.

Master of G

Tough as they come, Master of G models defy the forces of nature thanks to fascinating special features that include a rally timer and a rust- or mud-resistant case, and many more.

Trendy G-SHOCK Classics: fascinating, cool design and must-have colours. What's more, the state-of-the-art Multiband 6 radio-controlled technology incorporated in the GW-6900 models will always keep you right on time.

RADIO-CONTROLLED WATCHES

CASIO®

WAVE CEPTOR
RADIO CONTROLLED

A slim watch (9.9 mm), but big in every other respect: stainless-steel band, sapphire glass, Multiband 6 radio-controlled reception, Tough Solar technology and plenty more besides. The LIW-M1100DB-1AER: a radio-controlled watch which, in addition to the finest materials, high-quality manufacturing and exquisite design, leaves nothing to be desired in terms of technology, either.

EDIFICE

The most compelling features of these watches are the exceptional Sebastian Vettel logo on the dial (EF-535SVSP), and the signature of the Formula 1 star, reproduced on the back of the case for both models. These models are supplied exclusively in this special packaging.
